August 19-23: Mad Science Camp

AM Session: 9:00 AM - noon Mad Machines & Crazy Contraptions:

This inventor's camp is designed by you—the Inventor! Each day you'll be given a series of challenges which must be overcome using basic materials, simple machines, tips from world famous inventors and the most important thing of all – your mind. If you were stranded on a desert island how would you survive? While Thomas Edison said invention is 10% inspiration and 90% perspiration...this camp is 100% fun!

PM Session: 1:00 - 4:00 PM NASA: Journey Into Outer Space:

Kids start in the Earth's atmosphere and end up in the stars in this super sampler of space science. This voyage of discovery will explore planets, moons, comets, and other phenomena in our solar system. Come investigate our sun, and other stars and the galaxies they form. Build a Mad Science rocket and then design, build and launch your own version. Learn about the challenges of living in space and undergo astronaut training.

Sign up for the full day "combo-camp" and stay for both Mad Machines and NASA, with supervised free play in between.

After care available until 5:00 PM

Registration: MidHudson.MadScience.org

Cost:

Half Day Week (mon-fri): \$185 (\$165 before March 31)

Full Day Week: \$330 (\$295 before March 31)
